Construction of a bicycle path: a section from the boundary with the Commune of Dygowo in the locality of Mierzyn to the existing bicycle path in the right of way of Provincial Road no. 163 and a section from the boundary with the Commune of Dygowo in the locality of Czerwięcino to the existing bicycle path in the locality of Lubiechowo

Municipal Commune of Karlino - The investment covers the construction of a bicycle path that will offer an alternative access to the places of work, educational institutions and other public institutions to the residents of the Town of Karlino and from the neighbouring localities, i.e. Mierzyn, Czerwięcino and Lubiechowo. Those who will be able to use bikes include the workers from the companies situated in investment lands and those working for the plant of Homanit in Karlino. A Bike&Ride facility with parking spaces for 10 bikes will be constructed by the bicycle path. As part of an integrated system, the 9.6 kilometre bicycle path section that will be built will be connected with the bicycle path in the Commune of Dygowo. The project will be implemented in the years of 2018 – 2019.

Total investment costs: PLN 7 289 044.01
Co-financing amount: PLN 3 644 068.86
Co-financing rate: 82.3499%
